

ABADI Hair Care Fact Sheet

Our greatest desire is health and longevity. It is a quest captured perfectly in a word from Bali: ABADI. Welcome to your longevity.

ABADI Hair Care System Facts

Cleansing Shampoo and Protein Conditioner

Cleansing Shampoo/Protein Conditioner – These formulas, designed especially for women, contain amino acids, essential hair vitamins, natural plant oils and botanical extracts which help in stimulating the scalp while correcting damaged hair.

Use the shampoo by massaging into the scalp for five minutes at least three times weekly, prior to using the Botanical Hair Liposomal Stimulator. Rinse thoroughly. **Use the conditioner** by massaging into the scalp for five minutes, following the shampoo. Rinse thoroughly.

Tea Tree Sebum Removal Solution

Tea Tree Sebum Removal Solution – This solution includes Tea Tree Oil and Jojoba Oil. It eliminates debris from the follicle and works to normalize topical scalp problems such as itching, dandruff, excessive oiliness and dryness.

Use this revitalizing solution by first shaking well and then spraying 5 to 10 pumps directly into roots and onto scalp, concentrating on thinning areas. Massage scalp after each application, but don't rinse. Style.

Hair, Skin and Nail Vitamins

Hair, Skin and Nail vitamins – the vitamins contain nutrients specific for hair growth, skin revitalization and nail strength.

Use vitamins by taking three (3) each morning with food

Botanical Hair Liposomal Stimulator

Botanical Hair Liposomal Stimulator – This liposome stimulator contains a 2% solution of Minoxidil to help increase follicle stimulation for healthier, thicker hair. Used properly, the stimulator should help hair to re-grow, with results visible after three months.

Use this follicle stimulator by first emptying the entire bottle of Minoxidil 2% solution into the Botanical Hair Liposomal Stimulator. Place sprayer on the bottle and shake well prior to each application. Part hair into sections and spray directly onto dry scalp, using four (4) to six (6) sprays. Pay special attention to areas with thinning hair. Should be used each night prior to bedtime.
